

Staburo GmbH is a data science company, specialized in statistical consulting, programming and bioinformatics for healthcare projects. Our core competencies include Clinical Statistics, Translational Medicine & Biomarkers, Phase I & Pharmacokinetics/-Dynamics, Data Transparency & Disclosure Services, Health Technology Assessment and Bioinformatics. Our customers are international pharmaceutical companies, CROs, biotech companies and medical device manufacturers. Our steadily growing team supports our clients efficiently from study design to data analysis and finally the disclosing and posting of trial results.

To expand our team in Munich, we are looking for a

Working Student Data Scientist in Healthcare (f/m/d)

Your responsibilities will include:

- Development of R Shiny Apps for various data science applications in healthcare
- Hands-on data processing and analysis of high-dimensional clinical data (e.g., biomarkers, gene expression)
- Support in Data Science projects as well as (non-)clinical development in all study phases
- Identification of subgroups, e.g., by using cluster analysis or principal component analysis
- Statistical programming and development of reusable programs (e.g., functions, macros), data visualization and output generation
- Development of R packages, e.g., subgroup analysis or cutoff determination

Your profile:

- Studies in statistics, mathematics, data science, or a similar direction
- Knowledge on basic and advanced statistical methods, e.g., hypothesis testing, multivariate analysis
- Advanced programming skills in R, experience with development of R packages, would be an advantage
- Strong analytical and quick-learning skills
- Precise and accurate way of working
- Team player and a high degree of initiative
- Good English skills, German is an advantage
- As a working student (f/m/d), you are available for up to 20 hours per week, whereby you can flexibly adjust your working hours to your schedule – starting immediately!

What we offer you:

We value communication, flat hierarchies, open corporate culture, and a harmonious work environment. We offer comprehensive individual development opportunities, even after your studies, continuous trainings, and flexible working hours. A modern and bright office with a subsidised canteen is part of our everyday working life. You will join an interdisciplinary team allowing you to discuss with and learn from peers with many different backgrounds.

Curious?

Check out and apply via our website: www.staburo.de and become part of our constantly growing team! We look forward to meeting you soon!
