The LSF:

- is NOT used for exam organization.
- only important: Seminars, external lectures

⇒ You can enroll in as many courses as you please, only the exam registration at the end of the semester is binding

The Consulting Course

- Mandatory for all students (Except for EMOS Students)
- Prof. Dr. H. Küchenhoff, Prof. Dr. G. Kauermann, Prof. B. Bischl, Dr. F. Scheipl und Dr. M. Windmann
- Consisting of:
 - participation in the introductory event
 - independent project work and presentation of the results
 - attendance of at least 4 final lectures
- The **introductory event** takes place **only in the winter semester**.
- In principle, a project can be started at any time after attending the introductory lecture - even outside lecture hours.
- For further information (including registration), please visit <https://www.stablab.stat.uni-muenchen.de/lehre/veranstaltungen/consulting/index.html>

The Institute of Statistics

The Institute of Statistics
