

Junior Risk & Underwriting Specialist (m/f/d) FinTech

Full-time-employment | Career starter | unlimited

We are revolutionising growth financing for
SMEs in eCommerce & and you can be part of it!

Your challenges:

HANDS-ON You analyze financial & non-financial eCommerce KPIs to evaluate our client's success changes, underwrite our client cases via a fronting bank and provide a decision basis as to how much funding our clients qualify for.

STRATEGY You are significantly involved in the creation of our Risk Policy, processes and automation.

TEAM You work closely with our Sales & Customer Success team to manage relationships with our customers to the best.

Would be great if you bring:

QUALIFICATION & EXPERIENCE You have completed your studies in a quantitative or business-related field like Economics, Maths, Statistics or Accounting, are ready to hit the ground running and ideally already have your first practical experience in a relevant environment.

TECHNOLOGY You have strong analytical skills, a technological understanding and you are at least interested in how to make things work in Excel and Python.

WORK ENVIRONMENT You are looking for a work environment where you can work independently and on your responsibility and pursue your goals in an ambitious and self-motivated way.

BILINGUAL You speak German and English well and express yourself precisely both verbally and in writing.

Curious? We look forward to hearing from you!
