

Singapore, Hong Kong, the Philippines, Australia, Indonesia, and India. We are a valued partner to many of the world's largest international financial services and insurance firms. We support our clients at all project management stages from the development of strategies and operational frameworks to the technical implementation and handover. Our expertise in business and technology combined with our methodic approach enable us to create sustainable added value for our client's business.

IT Consultant (m/w/d)

In this role, you can build skills in consulting and information technology and help shape the field in a far-reaching way. You can become part of the success story. Working as a Consultant in IT, offers a broader range of challenging tasks in a familiar, dynamic and international team.

- You advise customers at the interface of IT and business as part of a team.
- You get to know the entire business spectrum of our customers
- You work on projects such as IT migrations of core banking systems or on smaller assignments such as the integration of existing sub-areas or the implementation of new products. Strategic projects such as software evaluations are also part of your tasks. For example, you will be responsible for the parameterization of software and the integration of innovative digital solutions.
- You have an influence on the development of Synpulse through exciting internal projects on a global level. You can participate in recruiting and shape the heart of our company.

About you:

- You have a master's or PhD degree in data science, computer science, information systems, statistics physics, mathematics or related fields - or will complete it in the near future- with an excellent GPA.
- You have experience with Development framework, integration platform, core system.
- Good programming skills are an advantage (e.g. Java / Kotlin, SQL, Python).
- You have ideally gained practical experience in consulting or at banks or insurance companies.
- You have Exceptional analytical and conceptual skills.
- You have strong communication skills in German and English.
- You have strong teamwork and interpersonal skills and are willing to travel often.

Why us:

- Four-Weeks New Employee School to perfectly prepare you for client projects and integrate you into the team
- Development and training through our Synpulse AcademyProgram® with at least 10 days of organized training, LinkedIn learning and an individual development budget.
- Your career opportunities are actively promoted by the mentorship program of experienced consultants
- Your work-life balance is important to us, we encourage flexible working and remote working
- Opportunity for relocation within the Synpulse group
- Participation in the success of the group - Don't just work for us | own the company with us - Synpulse gives you a share in the company's profits via a crypto-currency token.
- Your other benefits- Our benefit cafeteria offers you, among other things, cell phone contract, sports subscriptions (e.g. Urban Sports), Hello Fresh, Job-Bike and a BahnCard.

Your documents to start the process:

- o Resume
- o Qualifications (bachelor/ master diploma, etc.) with certificate of grades

Do you approach your tasks with commitment and enjoyment and are you convinced that teamwork achieves better results than working alone? Are you proactive and willing to go the extra mile for your clients? Are you motivated not only to design solutions but also to implement them? As a flexible and goal-oriented person, you will quickly assume entrepreneurial responsibility with us.

Do you appreciate the spirit of a growing international company with Swiss roots and a strong corporate culture? Then we look forward to receiving your online application at <http://synpulse.com>
